A PUBLICATION OF THE KAPPA SIGMA FRATERNITY

AT THE PENNSYLVANIA STATE UNIVERSITY

— December 2007 —

PRESIDENT'S LETTER

The New Colony is on the Fast Track to Become a Chapter with the 72 Members Having a Cumulative GPA of About 3.3.

Final Sales Price for Property Was \$1,550,000. Now We Need to Begin Fundraising Efforts to Create Best House on Campus.

Dear Alpha-Delta Alumni,

Exciting things are happening with our "Alpha-Delta" chapter. Before I introduce the main focus of this newsletter, I want to provide an update on the sale of our property.

I am happy to report that the property sale closed on August 31, 2007. We were successful in getting a final sales price of \$1,550,000 for the property. After the mortgage, credit line, officer loans and commission were paid, we had a final cash balance of \$940,000. The funds are in an institutional money market fund. This fund will earn a very competitive interest rate while still offering immediate access to the money.

"I am proud to announce that the colony was accepted by IMH (International Memorial Headquarters) and they were pledged in last spring."

However, the real exciting news is the rapid progress of our new "Alpha-Delta" colony. I mentioned in our last newsletter (Spring 2007) that an interest group of about 45 guys was in the process of becoming an official colony of our chapter. I am proud to announce that the colony was accepted by IMH (International Memorial Headquarters) and they were pledged in last spring. At that time, they had about 60 men.

This colony is still on the move. They just recruited another 12 colony members, bringing the total colony members to 72 men! I arranged a meeting with the colony early this semester to introduce myself and explain the purpose of the alumni corporation, with its primary purpose in

providing housing to our undergraduate members. Many of you attending fall football tailgate parties have had the opportunity to meet many of these men.

The colony is a great group of men that appear very motivated to earn our charter back. Their cumulative GPA is about 3.3, exceeding the all men university average and most members are active in various Penn State clubs and sports. The colony is on track with their IMH requirements and should be in a position to earn back the charter next semester.

With the colony on track to earn back the charter, the alumni corporation will be placing the purchase of a fraternity house as its top priority. Our goal and vision is to return to Penn State with the finest fraternity house at State College. The most likely scenario would be to purchase a fraternity that has shut down. This would require either a major renovation or tearing down the house and building new. Either way, this will require at least \$3.5 million dollars to purchase and build a "First Class" facility.

"The colony is on track with their IMH requirements and should be in a position to earn back the charter next semester."

A fundraising effort of this magnitude will require the board to hire a professional fundraising company that specializes in fraternity capital campaigns. We have the funds to start this process, but a lot more money will be needed. Many alumni may be thinking that raising this amount of money is unrealistic. It is important to note that

(Continued on Page 2)

PRESIDENT'S LETTER CONT.

numerous fraternities throughout the country conduct capital campaigns to raise funds every year. They routinely raise \$1 million to over \$4 million dollars to renovate or build new buildings. Alpha Delta has over 850 living alumni, making our goal very realistic to achieve.

The board and I will be performing a lot of research on the fundraising process and will be interviewing professional fundraising firms. Stay tuned for more details!

We need your email address! Email communication today is more common than the telephone, cheaper and more efficient. We currently send out monthly E-Newsletters, but we need your email address for you to receive one. Please take the time to log in to the website (www.kappasigpsu.com) and make sure we have your current email address or write

it on the "Membership Update" form, included with this newsletter. **Outside companies never use our email address database; it is only for official Alpha Delta communications.**

Included with this newsletter is a solicitation form requesting donations that we always need. We continue to rely on your generous donations to fund our communications program and the modest expenses of the corporation. While we may seem flush with cash today, that money must be preserved to support the chapter's housing needs. Please continue your generous support so that your board can communicate with you.

Please include your personal updates for the "What's New" section. This is a very popular section for our alumni, so take a few minutes to update us on work,

personal, family or social highlights. Include some pictures too!

Alpha Delta is now on track to return to Penn State much faster than we anticipated. With our loyal group of alumni, we have the potential to return with the finest fraternity house at Penn State. Some time ago, your board adopted the vision to have the premier chapter on campus, with a chapter house that sets a new standard for all other fraternities to follow. Together, we can make that vision Alpha-Delta's new reality!

Fraternally Yours,

Edward D. Gorkes '79

COLONY PRESIDENT'S REPORT

Colony Initiated by Sophomores and Juniors is Giving Back to the Community through Philanthropic Efforts and is Recruiting Members Quickly

The Alpha-Delta Colony Wants to Thank Alumni for Their Support

By Michael C. Gales

As many of the Alpha-Delta alumni know, there is a new Alpha-Delta colony at Penn State. I am the colony Grand Master. Last spring, a new colony began with the hopes of earning back the Alpha-Delta charter. The colony was set in motion by several individuals who had interest in joining a fraternity but believed that they had missed the opportunity to do so being second semester sophomores or juniors. These individuals are friends of mine. We threw around the idea of restarting Kappa Sigma because it had been shut down while I was attempting to pledge two years ago.

"By the time our official kickoff weekend took place at the end of last April, the new Alpha-Delta colony had over sixty members."

Over the course of three months, we emailed and called national headquarters in Virginia and had visits by recruitment managers and colony directors. As this process was going on, we recruited members

just by spreading the word to roommates, good friends, classmates, and other students from our hometowns and high schools. As a group, we became dedicated to a brotherhood defined by Fellowship, Leadership, Scholarship, and Service. By the time our official kickoff weekend took place at the end of last April, the new Alpha-Delta colony had over sixty members.

"You, the alumni, have been instrumental in our growth as a colony and will be very influential as we soon look to become a chapter."

As we broke for summer, we split-up responsibilities to work on our checklist of items we needed to complete to become a chapter. We accomplished a great deal and performed many hours of community service in our local communities and cities. When we came back, we continued to meet with our alumni advisor and district grand master and are currently learning the history

of Kappa Sigma and the nuances of being a Kappa Sig. Our recruitment continued and we now have over 70 members.

"We accomplished a great deal and performed many hours of community service in our local communities and cities."

We have been so fortunate to meet many of you at the football games, the Kappa Sigma tailgate, and other events. You, the alumni, have been instrumental in our growth as a colony and will be very influential as we soon look to become a chapter. On behalf of the rest of the Alpha-Delta colony, I want to thank you for all your support, as it gives us a great deal of confidence in moving forward. We look forward to continuing the Alpha-Delta legacy at Penn State. The members of this colony are committed to making Kappa Sigma the greatest fraternity on Penn State's campus!

ANNUAL FUND

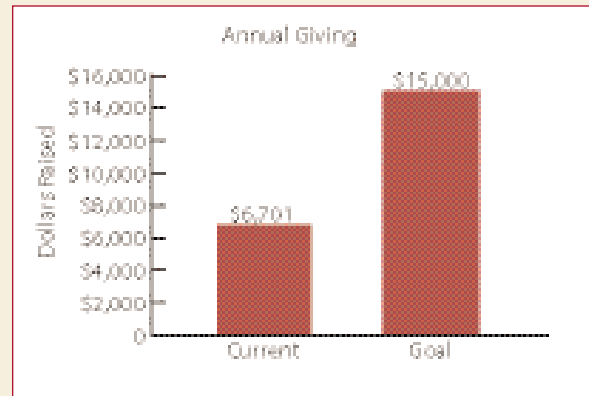

Let's Keep In Touch! Stay Up-To-Date With Chapter and Alumni Events and Activities by Contributing Today

Help Us Kick Off The New Giving Year!

Help support the 2007-2007 giving year that started on September 1, 2007. Make a donation to the annual fund. You can donate by calling our toll-free hotline (**800-975-6699**) or by visiting our website (**www.kappasigpsu.com**). The annual fund supports the following:

1. Our newsletter, *Alpha-Delta News*;
2. Our alumni website, **www.kappasigpsu.com**, which keeps us up-to-date on Kappa Sigma news and enables us to interact with each other online through message boards, alumni updates, a searchable directory and more;
3. Other letters, postcards, and print and web communications;
4. Alumni events, such as homecoming; and

5. Management of our alumni database, which provides accurate contact information on our brothers so that we can stay in touch and reconnect with each other.

(637 Custis Road, Glenside, PA 19038; joseph_t_simone@comcast.net) Back in college, a very good time was had by all. It was all very meaningful. My favorite memories include "Study Hours!" Warm regards to all the guys.

Earle Ryba '56

(Fahracres, 868 Ulrich Road, Julian, PA 16844; ryba@ems.psu.edu) This is my 47th year as a faculty member at Penn State.

In 1999, we finally started building a real home here at Fahracres—where we had some wild parties years ago. My wife, another person, and I did essentially all of the construction of the house that we designed. We moved in several years later and finished the work. Now we need visitors!

My teenage son and I spent five months in China last fall and winter, where I taught at Sun-yat Sen University.

Thomas Hilbert '63

(414 Sunfish Street, Lakeway, TX 78734; thomashilbert@sbcglobal.net) Our blended family now has 13 grandchildren and another on the way. Seven have my last name (5 boys, 2 girls, and one on the way). We recently bought a vacation home in the Florida Keys and expect our children and grandchildren will be happy to visit.

Harold Schrader '65

(320 N. 71 Street, Harrisburg, PA 17111; jhschrader@gmail.com) The picture (artwork) of the House on our correspondence is a nice personal touch and a "memory inducer."

Gary "Meatball" Carson '68

(2438 W. Clearview Trail, Anthem, AZ 85086; ge.carson1@bearingpoint.com) I have been living in Phoenix (it's a dry heat) since 2004 with wife, Pam. Our youngest son, Justin, is an Active in the Rho Chapter at AZU. I have been involved in the Greater Phoenix Alumni Club of Kappa Sigma and an Assistant Alumni Advisor to Rho Chapter.

I am a Senior Manager with BearingPoint, Management and Technology Consultants (Go Phil Michelson!!). It was great to see the pictures of the old gang at Joe Pa's party—some of you haven't changed. (Well, maybe some are a little grayer or have a couple of extra pounds.) GO STATE!

(22 N. Wyoming Avenue, Ardmore, PA 19003; shapsjo@yahoo.com) For the last 10 years, I have been living with my wife, Ann, in Ardmore, PA and have been working as a telecommunications Switch Engineer. I like to say, "I fix the potholes in the information super highway." When we are not tending to our modest home, Ann and I travel to Ireland, her home country, to visit family and friends. I look forward to hearing about others who graduated in the 1980's. Finally, my sympathy on the loss of the house: I am looking forward to seeing great progress with the colony and plans for the new house.

Hello Merritt,

No, I don't hear from anyone. I do get the KE News letter.

We are still in treatment; my husband's lung cancer came back. Mine is getting worse, but I still swim with my grandkids and am having a litter of puppy's first week in Sept.

Take care.
